## A. Needs Statement

### 1. Besides funding, what is the single biggest challenge you are facing in financial assistance services?

The programs, policy and computer systems are too complicated. A single MFIP household can require staff to know program policy for several different programs. Programs are not streamlined and each program has a different set of rules – including basic things such as income and asset. Eligibility Workers spend much of their work day looking up policy in the various manuals when working cases.

The family cash (TANF) programs are especially difficult to administer. Program policy is confusing, made more complicated by the number of exceptions to program rules; MAXIS often issuing inaccurate results which need to be fixed; programs are not aligned - including MFIP and DWP, two sister programs.

The Orientation and Overview process for DWP can be difficult when DWP applicants present with potential FSS (MFIP) issues, but no Medical Opinion Form (MOF) to support FSS. Policy requires us to refer to DWP in a very tight timeline, so securing a MOF prior to referral to DWP Employment Services is unlikely, which means we refer to a potentially wrong program, only to have to transition them to MFIP at a later date. This causes extra work for the applicant, the ES Provider and the Financial Worker.

### 2. Besides funding, what is the single biggest challenge you are facing in employment services?

We have a large population of FSS clients and those who experience generational poverty. Working with MFIP participants that have experienced generational poverty and the fear of leaving the public assistance safety net requires good communication and relationships with our ES Providers, business community and our MFIP clients. We need to provide support to both entities by listening to the needs of the business and our clients. Frequently our MFIP clients are falling off various public assistance programs that they have relied on for (in some cases) years, and their families also relied on. This is a very scary task and one that needs a lot of support, understanding and empathy, as well as financial options to help with the loss of public assistance benefits. We also need to support and encourage local business owners to be patient and flexible with this working population as they learn the skills of having a job, as well as the skills required to do the work.

The majority of entry level jobs in Itasca County are in retail sales, food service and home health/personal care workers. These positions are traditional low wage jobs that make it difficult to support a family. Many available positions will not hire drug felons or require drug testing. We have many employers who are looking for low wage, entry level workers, but many of our clients have either past drug felonies, poor work histories and/or are fearful to accept a low paying job that will adversely affect their public assistance benefits. One of our biggest challenges in employment services is connecting participants whose experience with employment has not always been positive with employers who are hesitant to take a risk hiring applicants.

### 3. Identify the strengths in your community that you are most proud of that benefit MFIP/DWP families.

Itasca County is rich in services and non-profit agencies that provide a safety net for our MFIP clients. Itasca County Health & Human Services (HHS) has a strong relationship with our business community through our Chamber of Commerce. Itasca County HHS has also written a PIP to improve our self-support index that includes a continued and strengthened relationship with the business community. We have a good, collaborative working relationship with our three ES providers, including monthly case review meetings and quarterly ES Provider meetings with HHS staff.

The Financial Assistance Unit is co-located with Public Health, Social Services, Child Support, Workforce (Career) Center and Headstart. Our Unit goals include "To be more involved with community and other agencies to help us provide better services to our clients". At monthly all-staff meetings we include a community resource presentation to help us meet this goal. In September we had Soar Project provide us with information about their program and how it could assist our clients.

Itasca County has an active community partner in both the Blandin Foundation and the Community Foundation to provide leadership and dialogue about poverty and the community needs/responsibilities concerning issues of poverty such as housing, transportation, crisis prevention. They also can provide some initial and ongoing support to such non-profit efforts.

**3. What strengths and resources do you have available to address the needs of your participants?**

Please **check all** the resources available to participants in your service area and check whether the resource is available within MFIP financial or employment services "in-house" or from a partner organization (county resources with developed connections to MFIP), and/or an external community resource or both. If you lack sufficient resources in your area, check the Resource Gaps column, even if there are some resource sources. Add any "other" resources that you consider necessary.

## County MFIP Biennial Service Agreement

## A. Needs Statement (continued)

## Employment Services Provider(s) Information

Statute [256J.50, subdivision 8](#): Each county, or group of counties working cooperatively, shall make available to participants the choice of at least two employment and training service providers as defined under Minnesota Statutes, section [256J.49, subdivision 4](#), except in counties contracting with CareerForce Centers that use multiple employment and training services or that offer multiple services options under a collaborative effort and can document that participants have choice among employment and training services designed to meet specialized needs.

List your current employment services provider(s) and check the respective box to indicate which population served. If a CareerForce Center is the only employment services provider, list the multiple employment and training services among which participants can choose. Section G of this form addresses provider choice.

## C. Measures

### Performance Measures

1. Performance-based funding is determined by a service area's annualized Self-Support Index value. Review the information and report links in this section to see the effect of performance on funding and reporting, based on Statute 256J.626, subdivision 7.

Each year a bonus to a service area's Consolidated Fund allocation will be based on its performance on the Self-Support Index in the previous April to March year.

The **three-year Self-Support Index (S-SI)**: This measure starts with all adults receiving MFIP or DWP cash assistance in a quarter and tracks what percentage of them, three years later, are no longer receiving family cash assistance or are working an average of 30 hours a week if still receiving cash assistance. Those who left MFIP after reaching 60 counted months and those who left due to 100 percent sanction are only counted as a success if they worked an average of 30 hours per week in their last month of eligibility or if they began receiving Supplemental Security Income (SSI) after family cash assistance ended. To provide fair comparisons across service areas, DHS calculates a "Range of Expected Performance" for the S-SI that is based on local caseload characteristics and economic conditions. The service area's Self-Support Index value is whether the service area was above, within, or below its expected Range.

The S-SI and Range are annualized for the four quarters in the April through March year ending in the reporting year before the funding year. See the annualized report on the MFIP Reports page on the DHS website for 2019 <https://edocs.dhs.state.mn.us/lfserver/Public/DHS-4651F-ENG>. A service area with an annualized S-SI "above" its customized Range of Expected Performance for 2019 will receive a 2.5 percent bonus added to its Consolidated Fund allocation for calendar year 2020.

[MFIP Annualized S-SI and WPR report \(PDF\)](#).

If your service area is receiving a bonus, congratulations! Please share a success strategy here:

9999 characters remaining

If your service area performed "above" or "within," you can go to item 2.

If your service area performed "below" for 2018 and performs "below" again for 2019, you then will have to **negotiate a multi-year improvement plan** with the commissioner. If no improvement is shown by the end of the multiyear plan, the next year's allocation must be decreased by 2.5 percent, to remain in effect until the service area performs within or above its Range of Expected Performance.

### C. Measures (continued)

#### Racial/Ethnic Disparities

- 2. A **racial/ethnic disparity** for a service area is defined as a **one-year Self-Support Index** that is five or more percentage points lower for a non-white racial/ethnic group than for the white group of MFIP/DWP-eligible adults in that area. Access the report "Two-Year Performance Trends of Racial/Ethnic and Immigrant Group". This report lists (1) service areas that have any racial/ethnic disparities requiring action and (2) the table of differences for all service areas.

[Performance Measures by Racial/Ethnic or Immigrant Group \(PDF\)](#)

**If your service area is in the disparity list, please answer the following question:**

DHS will work with you to reduce these disparities.

What strategies and action steps for each of the groups with disparities do you plan for the coming biennium?

9999 characters remaining

## D. Program Monitoring/Compliance

1. What procedures do you have in place to ensure that program funds are being used appropriately as directed in law? *Check all that apply.*

- Budget control procedures for approving expenditures
- Cash management procedures for ensuring program income is used for permitted activities
- Internal policies around use of funds, i.e. participant support services
- Other

2. What procedures do you have in place to ensure program policies are followed and applied accurately? *Check all that apply.*

- Case consultation  Sample case review by workers  Sample case review by supervisors
- Other SPECIFY:

**If your service area has not made changes to your random drug testing policy since the last BSA, go to Section E.**

3. What procedures/policies do you have in place for administering random drug tests of convicted drug felons on MFIP as required by Minnesota Statutes, section 256J.26, subdivision 1?

- Written policy within the MFIP unit  Coordination with Corrections
- Currently establishing new policy/procedure(s)  Other SPECIFY:

## E. Collaboration and Communication with Others

1. How many employment services front-line staff are employed in your county or consortium?

How many employment services front-line staff in your county or consortium have MAXIS access?

How many managers/supervisors have MAXIS access?

2. Describe the process your service area uses to identify and resolve discrepancies between MAXIS and WF1 data in areas such as Family Stabilization Services coding, employment/hours, sanction status, etc.

Itasca County HHS and all ES providers complete monthly case reviews of all MFIP cases and in 2020 will include all DWP cases and a solid attempt to also conduct TANF case reviews with Leech Lake NEW will be done. This is a strategy we have outlined in our self-support index PIP. We use a checklist to assist with these reviews. Also, as part of our SS-I PIP, we will "Review our Case Review Checklist and make changes to create a more useful document. Consider any changes that need to be included in the checklist to cover DWP cases and cases managed by Leech Lake NEW. Revisit our procedure for case reviews to determine if there is a process we can follow that will elicit more information and creative thinking about cases, as well as making sure both MAXIS and WF1 are updated correctly". We feel confident that continuing with our monthly cases reviews, as well as continuing our outstanding working relationship with our ES providers, will ensure that we are handling any discrepancies quickly and accurately.

## F. Emergency Services

1. Does your county provide emergency or crisis services from your Consolidated Fund?

- No     Yes

If yes, attach a copy of your emergency/crisis plan.

9999 characters remaining

### G. Other

#### Administrative Cap Waiver

Minnesota Family Investment Program (MFIP) allows counties to request a waiver of the MFIP administrative cap (currently at 7.5%) for providing supported employment, uncompensated work or community work experience program for a major segment of the county's MFIP population. Counties that are operating such a program may request up to 15% administrative costs.

If your county is interested in applying for the waiver for the coming biennium, please complete the following four questions.

1. Describe the activity(s) you will provide.

3999 characters remaining

2. Explain the reasons for the increased administrative cost.

4000 characters remaining

3. Describe the target population and number of people expected to be served.

4000 characters remaining

4. Describe how the unpaid work experience is designed to impart skills and what steps are taken to help participants move from unpaid work to paid work.

4000 characters remaining

**G. Other** (continued)**Addendum for Unpaid Work Experience Activities**

If your county is providing unpaid work experience activities for MFIP participants, please fill out the [Unpaid Work Experience Form](#). Email the completed form to [Tria.Chang@state.mn.us](mailto:Tria.Chang@state.mn.us).

**Provider Choice**

Does your county:

- Have at least two employment and training services providers. Go to Section H.
- Have a CareerForce center that provides multiple employment and training services, offers multiple services options under a collaborative effort and can document that participants have choice among employment and training services designed to meet specialized needs. Go to Section H.
- Intend to submit a financial hardship request.

**G. Other** (continued)

**Financial Hardship Request**

**FINANCIAL HARDSHIP - Exception to Choice of Employment Service Providers Requirement**

MFIP provisions require counties to make a choice of at least two employment service providers available to participants unless a workforce center is being utilized (Minnesota Statutes, section 256J.50, subdivision 8). Counties may request an exception if meeting this requirement results in a financial hardship (Minnesota Statutes, section 256J.50, subdivision 9).

A financial hardship is defined as a county's inability to provide the minimum level of service for all programs if a disproportionate amount of the MFIP consolidated fund must be used to cover the costs of purchasing employment services from two providers or the cost of contracting with a workforce center.

To request approval of a financial hardship exception from the choice of provider requirement, please provide the following information.

1. If the county had a choice of providers in calendar year 2019, describe:
  - factors that have changed which indicate a financial hardship
  - why the hardship is expected to persist in the near future and
  - the magnitude of the hardship, which makes limiting delivery of employment services the best financial option for the county.

2000 characters remaining

2. Summarize options explored by the county, including use of other partners in a workforce center or other community agencies, such as a Community Action Program or a technical college. The summary should also include:
  - major factors which prevent the county from utilizing these options and include a cost analysis of each option considered; and
  - the process used to determine the cost of other options (RFP or other county process).

2000 characters remaining

3. If the county proposes to directly deliver MFIP employment services, provide a budget and staffing plan that clearly indicates consolidated funds will not be used to supplant county funds. The description should include information about what steps will be taken to ensure that county staff have the experience and skills to deliver employment services.

2000 characters remaining

The Department of Human Services (DHS) and the Department of Employment and Economic (DEED) will also review the amount budgeted by the county for employment and training during calendar year 2019 and use this amount as a guide to determine whether the amount budgeted by the county for calendar year 2020 is reasonable.

If a financial hardship is approved, DHS and DEED will closely monitor county programs to ensure outcomes are achieved and services are being delivered consistent with state law.

### H. Budget

Click on the link below to review your service area's 2020 MFIP allocation and Federal Funding Sources:

[MFIP Consolidated Fund \(PDF\)](#)

In the budget table, indicate the amount and percentage for each item listed for the budget line items for calendar years 2020-2021. Also note:

- Refer the 2020-21 Minnesota Family Investment Program (MFIP) Biennial Service Agreement (BSA) Guidelines Bulletin section, "Allowable Services under MFIP Consolidated Fund."
- Total percent must equal 100.
- MFIP administration is capped at 7.5 percent unless the county is approved for an administrative cap waiver. To apply for the administrative cap waiver, respond to the questions in Section G under Administrative Cap Waiver.
- The percentage of Employment Services DWP budget should be significantly less than, the Employment Services MFIP budget.
- Income maintenance administration is reasonable in comparison to the whole budget.
- Ensure the Emergency Assistance/Crisis Services plan is included if funds are allocated.
- If "other" is used, briefly state or describe the line item. "Other" expenditures include any costs that are not related to administering MFIP, DWP or Emergency program services or atypical costs. All services must be an allowable service under the MFIP Consolidated Fund.
- Email Brandon Riley at brandon.riley@state.mn.us, if you need assistance or have questions with the budget section.

### Assurances

It is understood and agreed by the county board that funds granted pursuant to this service agreement will be expended for the purposes outlined in Minnesota Statutes, section 256J; that the commissioner of the Minnesota Department of Human Services (hereafter department) has the authority to review and monitor compliance with the service agreement, that documentation of compliance will be available for audit; that the county shall make reasonable efforts to comply with all MFIP requirements, including efforts to identify and apply for available state and federal funding for services within the limits of available funding; and that the county agrees to operate MFIP in accordance with state law and federal law and guidance from the department.

Counties may use the funds for any allowable expenditures under subdivision 2, including case management outlined in Minnesota Statutes, section 256J.

Counties or Tribes (and all tiers of subgrantees) must use the U.S. Office of Management and Budget (OMB) Uniform Grant Guidance, Code of Federal Regulations, title 2, subtitle A, chapter II, part 200, as applicable (including modifications) in the administration of all DHS federal and/or state funded grants.
